

Express: Weekday Northbound

Public Comment Invited: Express Routes 592 & 609

Intercity Transit's demonstration service for the extension of Sound Transit Route 592 (Olympia/DuPont with continuing

service to Seattle) and Intercity Transit Route 609 (service between Tumwater/Lakewood) is coming to a close. State grant funds for these two demonstration routes, which began in late 2013, will end June 30, 2017.

Intercity Transit wants to hear from you about the completion of this demonstration service, how these changes might impact your use of Intercity Transit services, and gather information on possible future adjustments to our Express service.

The public is invited to comment and/or attend a public hearing at our Transit Authority meeting: Wednesday, April 19, 5:30 p.m., 526 Pattison St. SE, Olympia.

Need special accommodations at the hearing? Please call 360-705-5860 3 days prior.

Option 1: Lacey Transit Center

Option 2: Hawks Prairie P&R

There is some positive news. Intercity Transit has applied for new state grant funds that, if awarded, will be used to specifically fund additional trips on Route 612, service between Olympia/Lacey and Tacoma/Lakewood. Some of the new trips are similar to Route 609 trips that have better ridership on them. This could lessen the impact of the service reduction. If the grant funds are awarded, the new trips could be added to the schedule as early as July 2017.

The 'draft' schedules for north and south bound Express service are included here as initial proposed changes for July. These may be updated as we consider schedule options.

For details about the proposed changes, please see Intercity Transit's website: www.intercitytransit.com - "March Rider News" and "Public Invited to Comment."
