## SECTION 1 - INTRODUCTION

---

### 1.1 PURPOSE

Intercity Transit (Transit), the public transportation provider in Thurston County, Washington is seeking Statement of Qualifications from consulting firms with expertise and experience in Construction Management and Inspection Services to provide construction oversight for the Pattison Base Improvements Underground Storage Tank (UST) project. This project consists of decommissioning and replacing the existing underground fuel and lubricant tanks; expansion and construction of a new surface lot and associated infrastructure and storm water systems; and remodeling of the existing Maintenance Facility lubricant room to accommodate new motor oil, engine coolant and automatic transmission fluid tanks. The entire project is located at 526 Pattison Street, SE, Olympia, Washington.

### 1.2 BACKGROUND

Intercity Transit's Pattison Base is presently operating well over the capacity for which it was designed when it was constructed in 1985. A Master Plan for the future development of the base was completed in 1998; however, it was never implemented. In 2009, Transit contracted with Tetra Tech to develop a new Master Plan and 30% design for the Pattison Base UST Rehabilitation and Expansion project using the 1998 Master Plan as a basis and taking into account current conditions and newly available growth projections.

In 2010, Tetra Tech completed the Master Plan. As part of creating the Master Plan for this work, Tetra Tech developed preliminary plans for the replacement of the existing and aging underground storage tanks including all associated work. Unfortunately, funding was not available to continue with the full Master Plan project. However, it became apparent there was a pressing need for Intercity Transit to replace the existing and aging underground fuel and lubricant storage tanks. In August 2013, the Intercity Transit Authority (Authority) authorized staff to enter into a contract with Tetra Tech to complete a study, and provide a report outlining options for the replacement of Transit's UST tanks without full Master Plan funding.

In July 2014, staff presented the recommendations and options from the Study to the Authority. The Authority elected to proceed with the decommissioning and replacement of the existing UST and authorized Tetra Tech to proceed with the design and permitting work for the UST project. At that time the budget for the project was \$4,000,000, which only allowed for the relocation of the UST's and interim renovations. In the summer of 2015, Transit received additional funding to support construction of most of the base expansion infrastructure (bus lot, parking, utility and stormwater infrastructure) according to the Master Plan as opposed to building temporary, short-term solutions that would have to be demolished and replaced with a permanent solution at a later date.

As a result of receiving the additional funding, the Authority authorized Tetra Tech to proceed with Phase I design in accordance with the Master Plan. This includes decommissioning and replacing the existing underground fuel and lubricant tanks; relocation of the outside fueling island to its permanent location; expansion and construction of a new concrete lot and associated infrastructure and storm water systems; and remodeling of the existing Maintenance Facility lubricant room.

In October 2016, Transit obtained the required regulatory (building and site development permit) approvals from the City of Olympia necessary to move forward with construction.

Tetra Tech has completed the project plans and specifications for Phase I of the project. Transit anticipates construction to begin approximately in April to early May of 2017. The overall construction schedule is approximately nine months.

### **1.3 PROJECT DESCRIPTION**

The construction work for this project consists of all work related to:

- decommissioning and replacing the existing underground storage tanks with new double-walled diesel and unleaded gasoline tanks and associated fuel dispenser and piping;
- grading and construction of the concrete panel bus lot associated with the expansion property;
- grading and paving the adjacent undeveloped property north of Transit's existing Maintenance Facility;
- construction of a new storage and fuel building;
- construct an onsite storm water infiltration gallery including conveyances and related infrastructure;
- install utilities for the entire north site, including electrical, water and sewer services for future Master Plan phases;
- interior modifications in the existing maintenance facility to expand the existing lube room, including installation of above-ground lubricant tanks and associated system and mechanical upgrades; and
- landscape improvements.

### **1.4 SCOPE OF WORK**

The selected firm will provide all work required for Construction Management and Inspection Services for this project. The selected firm must provide sufficient oversight of the Contractor's work to ensure the project is constructed according to the approved plans and specifications.

**4.3 EVALUATION PROCESS**

**1. Initial Determination of Responsiveness (Pass/Fail)**

Submittals will be reviewed initially by the Procurement Coordinator to determine on a pass/fail basis compliance with administrative requirements as specified in this RFQ.

Only responses that meet this requirement will move to the next evaluation step.

Transit reserves the right to determine at its sole discretion whether Proposer’s Submittal meets the responsiveness criteria as set forth within this document. If all responding Proposers are determined to be deemed non-responsive, Transit will cancel the Solicitation and reject all Submittals.

Only responses that pass the Initial Determination of Responsiveness review will be further evaluated based on the requirements in this Solicitation.

**2. Phase 1 Evaluation - SOQ Submittal (Scored)**

Evaluators will score each element of the Submittal according to the evaluation criteria provided above. The Procurement Coordinator will tabulate evaluators’ scoring.

Transit will calculate a single score for each Submittal. There are a maximum of **100 points** available for the Submittal.

**3. Phase 2 Evaluation - Interview (Scored)(Optional)**

Transit reserves the right to schedule interviews if determined to be in the best interest of Transit. In the event interviews are required, Transit will contact the top-scoring Proposer(s) from the Phase 1 Evaluation to participate in the Phase 2 Evaluation - Interview. If Phase 2 is required, Phase 1 scoring will only be used to determine which Proposer(s) move to Phase 2. Phase 2 scoring will then be used during the remainder of the RFQ evaluation process to determine the apparent successful Proposer. There are a maximum of **100 points** available for the interview. Commitments made by the Proposer during the interview, if any, will be considered binding.

#### **4. References (Pass/Fail) (Optional)**

Transit reserves the right to check references after receipt of Submittal, to assist in determining the overall responsibility of the Proposer. References may be checked during Submittal evaluation to determine the responsibility of Proposers.

Transit reserves the right to reject any Submittal if the Proposer receives unfavorable references and may use results as a factor in award. Transit reserves the right to seek and substitute other references to determine the sufficiency of the Proposer's level of responsibility.

#### **5. Evidence of Qualification (Pass/Fail)**

After receipt of Submittal, Transit reserves the right to make reasonable inquiry and/or requests for additional information, to assist in determining the overall responsibility of any Proposer. Requests may include, but are not limited to, educational degrees, business licenses, financial statements, credit ratings, references, record of past performance, experience, available equipment, criminal background check, clarification of Proposer's offer, and on-site inspection of Proposer's or Proposer's Subconsultant's facilities. Failure to respond to said request(s) may result in the Proposer being deemed non-responsive and thus disqualified. Transit reserves the right to reject any Submittal where, upon investigation of the available evidence or information, Transit is not satisfied that the Proposer is qualified to fulfill Contract requirements.

#### **4.4 OVERVIEW OF THE AWARD PROCESS**

The successful Proposer, if any, will be the responsive, responsible, qualified Proposer whose Submittal, in the sole opinion of Transit, best meets the requirements set forth in this RFQ and is in the best interest of Transit. Transit may enter into Contract negotiations with the successful Proposer, including but not limited to, final scope, schedule, and compensation.

All responsive Proposers responding to this solicitation will be notified when Transit has determined the successful Proposer.

If Transit and the successful Proposer are unable to negotiate an acceptable Contract within a reasonable amount of time, Transit will terminate negotiations and will proceed to negotiations with the next highest ranked Proposer. Transit will not share any information about any firm's proposal with other Proposers or anyone outside of the evaluation team until after Contract award.

Transit will make a recommendation of the successful Proposer to the Authority. If the Authority concurs, a Contract will be awarded to the successful Proposer. **This Solicitation does not obligate Transit to contract for the services specified herein.**

#### **4.5 CONTRACT TERMS AND NEGOTIATIONS/COST AND PRICING DATA**

The objective of negotiations is to reach agreement on all provisions of the proposed Contract. To assist in the negotiations, a sample Contract is included in [Appendix C](#). The selected firm and subconsultants, if any, must submit hourly rates for each member of their team. These costs, once agreed to by Transit, will form the basis for a billing/payment provision. During negotiations, Transit reserves the right to request additional documentation supporting the proposed cost and pricing data.

The selected firm will be required to submit a Cost Proposal. The cost elements must include:

1. Labor Hours - Provide labor hours by task and by labor category.

Transit will make the sole determination of clarity and completeness in the Submittals relative to any of the provisions in this Solicitation. Transit reserves the right to require

clarification, additional information and materials in any form relative to any or all of the provisions or conditions of this Solicitation.

To aid in the Response evaluation process, after Response deadline, Transit may require individual Proposers to appear at a date, time and place determined by Transit for the purpose of conducting discussions to determine whether both parties have a full and complete understanding of the nature and scope of contractual requirements. In no manner shall such action be construed as negotiations or an indication of Transit's intention to award.

## **12. COSTS**

Proposer is solely liable for any and all costs associated with preparing, submitting or presenting a Submittal in response to this Solicitation. Transit is not liable for any cost incurred by the Proposer in the process of responding to this Solicitation.

## **13. SUBMITTAL DEADLINE POSPTPONEMENT**

Transit reserves the right to postpone the due date and time of Submittals at any time prior to the Submittal deadline.

## **14. SUBMITTAL OWNERSHIP**

All Submittals and materials submitted in response to this Solicitation will become the property of Transit. Information in each Submittal will be shared with Transit employees and other persons involved in Submittal evaluation. Transit will have the right to use ideas or adaptations of ideas that are presented in the Submittal. Selection or rejection of the offer will not affect this right.

## **15. SUBMITTAL REJECTION**

Transit reserves the right to reject any Submittal for any reason including, but not limited to, the following:

- A. Any Submittal which is incomplete, obscure, irregular or lacking necessary detail and specificity;
- B. Any Submittal which contains figures (price, percentage or others) that are not legible or subject to more than one interpretation;
- C. Any Submittal from Proposer(s) who (in the sole judgment of Transit) lack the qualification and/or responsibility necessary to perform the work properly;
- D. Any Submittal for which a Proposer fails or neglects to complete and submit any qualification information within the time specified by Transit; and
- E. Any Submittal submitted by a Proposer who is not registered or licensed as may be required by the laws of the state of Washington.

Transit further reserves the right to reject any or all Submittals, to waive any irregularities or informalities in any response to the Solicitation, and to accept any items or combination of items. In consideration for Transit's review and evaluation of its Submittal, the Proposer waives and releases any claims against Transit arising from rejection of any or all Submittals.

## **16. SUBMITTAL WITHDRAWAL OR MODIFICATION**

A modification of a Submittal already received will be considered only if the modification is received prior to the Submittal deadline. All modifications shall be made in writing, executed and submitted in the same form and manner as the original Submittal.

Notwithstanding the above, a late modification of an otherwise successful Submittal that makes its terms more favorable to Transit may be considered at any time it is received and may be accepted.

Proposers may withdraw their Submittal by written request to the Procurement Coordinator. The withdrawal request must be received by the Procurement Coordinator prior to Submittal deadline. Submittals may be withdrawn in person by the Proposer or an Authorized Representative, if the representative's identity is made known and the representative signs a receipt for the Submittal before the Submittal deadline.

No Proposer may withdraw a Submittal after the Submittal deadline, or before the award and execution of the Contract, unless the award is delayed for a period exceeding ninety (90) days from the Submittal deadline. Transit reserves the right to request that Proposers grant an extension of such effective period.

No consideration shall be given by Transit to a claim of error in a Submittal unless written notice of such claim and supporting evidence of such claim, including cost breakdown sheets, are delivered to Transit within forty-eight (48) hours after the opening of Submittals. Any review by Transit of a Submittal and/or any review of such a claim of error (including supporting evidence) creates no duty or liability on Transit to discover any other error or mistake, and the sole liability for any Submittal errors rests with the Proposer.

## **17. PROPRIETARY OR CONFIDENTIAL INFORMATION**

Transit will not disclose any information contained in competing Submittals or the number of Submittals received until after Contract award. Transit will keep information submitted through this process confidential to the extent allowed by state or federal law.

All information contained in the Submittal is subject to the state of Washington Public Records Act, RCW Chapter 42.56, and may be subject to public inspection. It should be noted that RCW 42.56.270(1) states that the following information is exempt from disclosure: "Valuable formulae, designs, drawings, computer source code or object code, and research data obtained by any agency within five years of the request for disclosure when disclosure would produce private gain and public loss."

Proposers, who include data in their Submittals which conforms to the above limitations and that they do not want disclosed to the public for any purpose or used by IT, except for in evaluation purposes, must indicate any pages and/or sections of the Response that Proposer desires to claim as proprietary in the "Proprietary or Confidential Information" portion of the Proposer Information section of the Submittal Document.

## 18. PROTEST PROCEDURES

Protests shall be filed and resolved in accordance with following procedure:

- A. **Right to Protest.** Any actual or prospective Proposer, including sub-Service Providers and suppliers showing a substantial economic interest in this project, who is aggrieved in connection with the solicitation or award of this project, shall file a protest with the Intercity Transit General Manager. A protest with respect to a Request for Qualifications and Qualifications shall be submitted in writing prior to the established Submittal deadline unless the aggrieved person did not know the facts giving rise to such protest prior to Submittal date. The protest shall be submitted within seven calendar days after such aggrieved person knows or should have known of the facts giving rise thereto. If the protester is not satisfied with the solution of the General Manager, a written protest may be filed with the Intercity Transit Authority. Protests filed more than seven calendar days following the receipt of the General Manager's written determination will not be accepted.
- B. **Stay of Procurements During Protests.** In the event of a timely protest under subsection 1 of this Section, the General Manager shall not proceed further with the solicitation or award of the Contract until all administrative and judicial remedies have been exhausted or until the Intercity Transit Authority makes a determination on the record that the award of a Contract without delay is necessary to protect substantial interests of Transit.
- C. **Entitlement of Costs.** In addition to any other relief, when a protest is sustained and the protesting Proposer should have been awarded the Contract under the solicitation, but is not, then the protesting Proposer shall be entitled to the reasonable costs incurred in connection with the solicitation, including preparation costs, other than attorney's fees.
- D. **Process.** In order to be considered, a protest shall be in writing and shall include:
1. The name and address of the aggrieved person;
  2. The project number and title under which the protest is submitted;
  3. A detailed description of the specific grounds for protest and any supporting documentation; and
  4. The specific ruling or relief requested.

The written protest will be addressed to Intercity Transit, 526 SE Pattison Street, P.O. Box 659, Olympia, WA 98501, Attention: General Manager Proposal Protest. Failure to comply with these protest procedures shall render a protest untimely or inadequate and may result in rejection thereof by Transit.

The Federal Transit Administration (FTA) may entertain a protest that alleges that Transit failed to have or follow written protest procedures. Such protest must be filed with FTA not later than five (5) days after Transit renders a final decision or five (5) days after the protester knows or has reason to know that Transit has failed to render a final decision. A protest to FTA must be filed in accordance with FTA Circular 4220.1C (as periodically updated).

## **19. WORK SITE INSPECTION**

Proposer must understand and inspect the work location(s). Interested Proposers may visit the location during the scheduled Pre-Submittal Conference. By signing its Submittal, Proposer is accepting the work conditions. The Awarded Service Provider will be responsible to complete all required work in accordance with the Solicitation and Contract documents. If during the course of or as a result of the inspection and examination, a Proposer finds facts or conditions which appear to conflict with the letter or spirit of the Solicitation and Contract documents, or with any other data or material made available to the Proposer relating to the work, the Proposer will promptly notify Transit in writing and request additional information and explanation before submitting a Submittal.

## **20. LOBBYING**

Service Providers who apply or bid for an award of \$100,000 or more shall file the certification required by 49 CFR part 20, "New Restrictions on Lobbying." Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal Contract, grant or any other award covered by 31 U.S.C. 1352. Each tier shall also disclose the name of any registrant under the Lobbying Disclosure Act of 1995 who has made lobbying contacts on its behalf with non-Federal funds with respect to that Federal Contract, grant or award covered by 31 U.S.C. 1352. Such disclosures are forwarded from tier to tier up to the recipient.

## **21. SUSPENSION AND DEBARMENT**

- A. Pursuant to Executive Order 12549, as implemented by 49 CFR Part 29, entities and individuals who are debarred or suspended by the Federal Government are excluded from obtaining Federal assistance funds under this Contract. To assure that such entities and individuals are not involved as participants on the FTA-financed Contract, each Proposer shall complete and submit, as part of its Submittal, the certification contained in the Contract Documents for itself and its principals. If the Proposer is unable to provide a positive certification, it must submit a complete explanation, attached to the certification form, of why it cannot provide the certification. Failure to submit a certification or explanation may disqualify the Proposer from participation under this Submittal. Transit, in conjunction with FTA, will consider the certification or explanation in determining award of a Contract.
- B. This certification is a material representation of fact upon which reliance is placed in determination of award of Contract. If at any time the Proposer learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances, it shall immediately provide written notice to Transit. If it is later determined that the Proposer knowingly rendered an erroneous certification, Transit may terminate the Contract for cause of default, in addition to other remedies available, including FTA suspension and/or debarment.

- C. By submitting a Proposal for this Contract, the Proposer agrees that should it be awarded the Contract, it shall not knowingly enter into any subcontract exceeding \$25,000 with an entity or person who is debarred, suspended or has been declared ineligible from obtaining Federal assistance funds. The Proposer, if awarded the Contract, shall require each Subcontractor and all lower tier Subcontractors to complete the certificate.
- D. Each subcontract, regardless of tier, shall contain a provision that the Subcontractor shall not knowingly enter into any lower tier subcontract with a person or entity who is debarred, suspended or declared ineligible from obtaining Federal assistance funds. The Service Provider shall require that each Subcontractor regardless of tier, immediately provide written notice to the Service Provider if at any time the Subcontractor learns that a lower-tier certification was erroneous when submitted or has become erroneous by reason of changed circumstances. The Service Provider may rely upon the certifications of the Subcontractor unless it knows that the certification is erroneous. The Service Provider's knowledge and information regarding any Subcontractor is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business.

- A. If the Service Provider executing this Contract ceases to exist as an independent business entity by means of acquisition by and/or merger with a successor or otherwise, the Service Provider must notify Transit in writing not less than 30 calendar days prior to the effective date of the circumstance causing the cessation of the independent business status. Upon receipt of the notice, Service Provider shall (1) immediately discontinue all services affected (unless the notice directs otherwise or Transit has granted Service Provider a cure period as set forth in (B) below), and (2) deliver to Transit all data, drawings, specifications, reports, estimates, summaries, and other information and materials accumulated in performing this Contract, whether completed or in process.

  - iii. If, after termination for failure to fulfill Contract obligations, it is determined that Service Provider was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of Transit.
- B. Opportunity to Cure. Transit in its sole discretion may, in the case of a termination for breach or default, allow Service Provider a commercially reasonable period of time in which to cure the defect. In such case, the notice of termination will state the time period in which cure is permitted and other appropriate conditions.
- i. If Service Provider fails to remedy to Transit's satisfaction, the breach or default or any of the terms, covenants, or conditions of this Contract within ten (10) days after receipt by Service Provider of written notice from Transit setting forth the nature of said breach or default, Transit shall have the right to terminate the Contract without any further obligation to Service Provider, except that Service Provider shall be paid for work delivered and accepted unless such work does not fulfill the Contract obligations. Any such termination for default shall not in any way operate to preclude Transit from also pursuing all available remedies against Service Provider and its sureties for said breach or default.

### **29. WAIVER OF REMEDIES FOR ANY BREACH**

In the event that Transit elects to waive its remedies for any breach by Service Provider of any covenant, term or condition of this Contract, such waiver by Transit shall not limit Transit's remedies for any succeeding breach of that or of any other term, covenant, or condition of this Contract.

- B. The FTA Master Agreement obligates Transit to incorporate certain provisions into this Agreement and any lower tier subcontracts at any level and to take appropriate measures to ensure that Service Provider and its lower tier subconsultants at any level comply with certain applicable requirements set forth in the Master Agreement. The FTA Master Agreement is hereby incorporated by reference into this Agreement, and Service Provider shall comply with all such requirements.

Transit shall notify Service Provider promptly in writing of the non-allocation, delay, or disapproval of funding.

#### **43. NO GOVERNMENT OBLIGATION TO THIRD PARTIES**

- A. The Purchaser and Service Provider acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying Contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this Contract and shall not be subject to any obligations or liabilities to the Purchaser, Service Provider, or any other party (whether or not a party to that Contract) pertaining to any matter resulting from the underlying Contract.

- E. Pursuant to Executive Order 12549, as implemented by 49 CFR Part 29, entities and individuals who are debarred or suspended by the Federal Government are excluded from obtaining Federal assistance funds under this Contract. To assure that such entities and individuals are not involved as participants on the FTA-financed Contract, each Proposer shall complete and submit, as part of its Submittal, the certification contained in the Contract Documents for itself and its principals. If the Proposer is unable to provide a positive certification, it must submit a complete explanation, attached to the certification form, of why it cannot provide the certification. Failure to submit a certification or explanation may disqualify the Proposer from participation under this Submittal. Transit, in conjunction with FTA, will consider the certification or explanation in determining award of a Contract.
- F. This certification is a material representation of fact upon which reliance is placed in determination of award of Contract. If at any time the Proposer learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances, it shall immediately provide written notice to Transit. If it is later determined that the Proposer knowingly rendered an erroneous certification, Transit may terminate the Contract for cause of default, in addition to other remedies available, including FTA suspension and/or debarment.

- G. By submitting a Proposal for this Contract, the Proposer agrees that should it be awarded the Contract, it shall not knowingly enter into any subcontract exceeding \$25,000 with an entity or person who is debarred, suspended or has been declared ineligible from obtaining Federal assistance funds. The Proposer, if awarded the Contract, shall require each Subcontractor and all lower tier Subcontractors to complete the certificate.
- H. Each subcontract, regardless of tier, shall contain a provision that the Subcontractor shall not knowingly enter into any lower tier subcontract with a person or entity who is debarred, suspended or declared ineligible from obtaining Federal assistance funds. The Service Provider shall require that each Subcontractor regardless of tier, immediately provide written notice to the Service Provider if at any time the Subcontractor learns that a lower-tier certification was erroneous when submitted or has become erroneous by reason of changed circumstances. The Service Provider may rely upon the certifications of the Subcontractor unless it knows that the certification is erroneous. The Service Provider's knowledge and information regarding any Subcontractor is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business.

#### **46. PRIVACY ACT**

- B. The Service Provider also agrees to include these requirements in each subcontract to administer any system of records on behalf of the Federal Government financed in whole or in part with Federal assistance provided by FTA.

#### **47. FEDERAL CIVIL RIGHTS REQUIREMENTS**

In addition to Transit nondiscrimination requirements set forth in other Sections in this Contract, the following Federal requirements apply to the Service Provider's performance under this Contract:

In addition, the Service Provider agrees to comply with applicable Federal implementing regulations and other implementing requirements FTA may issue.
- B. Equal Employment Opportunity - The following equal employment opportunity requirements apply to the underlying Contract:

- i. *Race, Color, Creed, National Origin, Sex* - In accordance with Title VII of the Civil Rights Act, as amended, 42 U.S.C. § 2000e, and Federal transit laws at 49 U.S.C. § 5332, the Service Provider agrees to comply with all applicable equal employment opportunity requirements of U.S. Department of Labor (U.S. DOL) regulations, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," 41 C.F.R. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Part 1630, pertaining to employment of persons with disabilities. In addition, the Service Provider agrees to comply with any implementing requirements FTA may issue.
- C. The Service Provider also agrees to include these requirements in each subcontract financed in whole or in part with Federal assistance provided by FTA, modified only if necessary to identify the affected parties.

#### **48. BREACHES AND DISPUTE RESOLUTION**

- A. Except as otherwise provided in the Contract, the Service Provider must notify Transit in writing within thirty (30) calendar days of any dispute arising under the Contract which is not disposed of by agreement.
- B. All disputes shall be decided by the General Manager of Transit who shall indicate his/her decision in writing and mail or otherwise furnish a copy thereof to the Service Provider. The decisions of the General Manager shall be final and conclusive, unless determined by a court of competent jurisdiction to have been fraudulent, capricious,

arbitrary, so grossly erroneous as necessarily to imply bad faith, or not supported by substantial evidence.

- C. In connection with any appeal proceeding under this clause, the Service Provider shall be afforded an opportunity to be heard within thirty (30) days of the decision, and to offer evidence in support of their appeal. Pending final decisions of a dispute hereunder, the Service Provider shall proceed diligently with the performance of the Contract in accord with the General Manager's decision, and such continued performance does not in any manner imply acceptance of our agreement with that decision by the Service Provider, nor does it infringe upon the Service Provider's right to appeal that decision. This clause does not preclude consideration of law questions in connection with decisions provided for in the above paragraph, provided that nothing in this Contract shall be construed as making final decision of any administrative official, representative, or board on a question of law.

The Service Provider shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of this DOT-assisted Contract. Failure by the Service Provider to carry out these requirements is a material breach of this Contract, which may result in the termination of this Contract or such other remedy as Transit deems appropriate which may include, but is not limited to (1) Withholding monthly progress payments; (2) Assessing sanctions; (3) Liquidated damages; and/or (4) Disqualifying the Service Provider/Contractor from future bidding as non-responsible. Each subcontract the Service Provider signs with a subcontractor must include the assurance in this paragraph (see 49 CFR 26.13(b)).

The Contractor may not terminate any DBE subcontractor and perform that work through its own forces or those of an affiliate without prior written consent of Transit.
