- Description of how IT plans for and funds future projects/ programs

Why is the Transportation Improvement Program (TIP) important?

1. Identify and prioritize projects based on funding changes and project priorities
2. The FTA requires us to review all potentially federally funded projects publicly
3. First step in the annual cycle of reviewing and updating our planning documents and identifying projects that need to be programmed in the STIP
4. All projects need to be in the STIP to be obligated
