## Online Trip Planning Tools

Whether you're taking the bus, walking or biking, planning your trip is easy! You can use Google Maps or your favorite transit app to get customized trip plans anywhere within Intercity Transit's service area.

To plan your trip on our website, go to [intercitytransit.com](https://intercitytransit.com) and click Trip Planning on the homepage.

All you have to do is fill in your origin and destination, the date and time you want to leave or arrive, and click on "get directions". The service calculates the route, transit time and any necessary walking directions. It's that easy! For more information, visit our website, email [customerservice@intercitytransit.com](mailto:customerservice@intercitytransit.com), or contact Customer Service.

## Zero Fare

Intercity Transit's has been zero-fare since Jan. 1, 2020, when a five-year demonstration project went into effect. However, because the COVID-19 pandemic created a significant disruption to our services, the demonstration project has been extended for another three years, until Jan. 1, 2028, or when our service reaches the same level we provided in March 2020, whichever is later. During the demonstration project, bus and Dial-A-Lift passengers will not pay fares to use those services.

We continue to evaluate and measure the success of zero-fare by assessing if eliminating fare collection on buses has increased access and ridership, and reduced travel times. You can also share how zero-fare has impacted you by visiting [intercitytransit.com/contact](https://intercitytransit.com/contact), emailing [customerservice@intercitytransit.com](mailto:customerservice@intercitytransit.com), or sharing on Facebook ([@intercitytransit](https://www.facebook.com/intercitytransit)).

Don't forget to tell your friends and family about zero-fare. It has never been easier to "just get on and go!"

Additional information about zero-fare service and how the Intercity Transit Authority reached this decision is at [intercitytransit.com/zerofare-faqs](https://intercitytransit.com/zerofare-faqs).

# Reading a Schedule

## What is a timepoint?

Timepoints **ABC** are designated bus stops on a route where a bus is scheduled to arrive or depart at a specific, published time. Buses will not depart until the published time. Each timepoint on a route is listed on the schedule in this guide. Timepoints are usually spaced about 5-10 minutes apart. You can use these to estimate the time a bus will arrive at your bus stop if it is not a timepoint. If a stop isn't a timepoint, it will be indicated on the schedules posted at bus stops.

## How do I read a schedule?

- First, determine:
  - ▶ Where you want to catch the bus and which timepoint is nearest that location.
  - ▶ Where you want to go.
  - ▶ The direction you will travel.
- Then, select the schedule that corresponds with the direction you will be traveling.
- When you have the right schedule, find the timepoint you'll be using as a guide. If you are boarding the bus at a stop that is between two timepoints, use the timepoint on the left of the schedule to estimate when the bus will reach your stop.
- Look down the column to find the time you want to leave. Then, read across to the right to find the time the bus will arrive at your destination. A dash (—) is used when there is no service at a stop.

## How do I make a transfer?

If you need to transfer to another route to reach your final destination, locate the nearest Transfer Point. Transfer Points **ABC** are stops where multiple routes meet, allowing you to easily transfer from one route to another. **If your bus is running late and you are transferring to another bus, let your driver know. They will tell the connecting driver to wait for you up to three minutes past the scheduled departure time if a connection is possible.**

## How do I know I'm traveling in the right direction?

To make sure you're boarding the bus in the direction you need to travel, read the reader board/headsign as the bus approaches. It will let you know what direction the bus is traveling. When you board the bus, you can double check with the driver to make sure you're on the right bus and heading in the direction you need to go.
